MANDATE

Motion to Increase the Number of Brown Bins on Campus

Submitted by: Gavin Fanning (DARE Senator)

Seconded by: Aoife Hynes (Green Campus Senator)

Student Senate notes:

The number of brown bins on campus, and the distribution of these brown bins on campus are both inadequate and awkward for students in their everyday lives on campus, especially as students are left unable to properly dispose of their leftover food.

Student Senate believes:

That there should be enough brown bins on campus as to allow the student population to be as environmentally-friendly as possible and dispose of their food waste efficiently.

Student Senate therefore mandates:

That the Student's Union President, or an appointee of the Student's Union President, lobby the university to increase the number of brown bins on campus.
