## Constitutional Amendment

### **Movement of Japanese Culture Society within Societies Working Groups**

Submitted by: VP Clubs, Societies, & Student Engagement (Paul Kenny)

Seconded by: HEAR Senator (Nicole Carr)

#### **Background:**

The Japanese Culture Society requested approval from the Societies Council on 19 November 2019 to change working groups from the Interest & Hobbies Working Group to the Civic, Social, & Cultural Working Group as this is more aligned with the nature of their society.

This was approved by the members of the Societies Council in attendance. As this is contained in the Schedules of the MSU Constitution approved on 3rd May 2019, this request must be provided to the MSU Student Senate for approval in order to be enacted.

#### **Request**

Change of the below Constitutional Extract to the later mentioned Constitutional Amendment.
