MANDATE

The Promotion of MSU Student Senate

Submitted by: LEAD Caucus, Liam Cosgrove (LEAD Caucus Leader)

Seconded by: David Lyons (Societies Council Member), Nicole Carr (HEAR Senator), Owen Doyle (Clubs Council Member)

Student Senate notes:

MSU Student Senate is a pioneering governing authority that provides an excellent opportunity for the students of Maynooth to create the policy of their Union and to hold their executive officers accountable.

Student Senate believes:

The work done by senators and officers, in representing students, creating important relevant policy on students behalf, and ensuring that MSU provides a high quality service to students.

It is imperative that students are made aware of this so that they know what issues are being dealt with and for their information when voting.

Student Senate acknowledges:

While the MSU Student Senate has been very efficient and active on students behalf most students are not aware of this, the policies that are passed on their behalf or what the senate is.

Student Senate therefore mandates:

MSU President to ensure that MSU Student Senate is promoted to the students that it serves in the following ways, including but not limited to:

S/M/S4.024|4-20|

- Posting the location and time of each Senate on MSU social media and reminding all students of Maynooth that they are entitled and encouraged to observe.
- Sharing the motions passed at each Senate on MSU social media and online for students to see.
- Once approved, sharing the officer reports of each officer outlining the work they do on students behalf.
- A post outlining where more information about Senate can be found on the MSU website.
- A post that outlines what the remit of each of the senate committees are and how they can be contacted with any issues that students may like raised.
