## MANDATE

### **FoodCloud**

Submitted by: Julian Nagi (Arts, Celtic Studies, & Philosophy Faculty Convenor)

Seconded by: Michael Butler (VP Education)

#### **Student Senate notes:**

That FoodCloud is a charitable organisation that connects charitable organisations with shops that have food they are unable to sell prior to their expiration date. This prevents food wastage and provides free food for people faced with food poverty.

#### **Student Senate further notes:**

MSUs previous partnership with FoodCloud in the 2017-18 Academic Year when the then VP for Clubs, Societies and Student Engagement was able to procure large amounts of food with FoodClouds assistance. This food was then distributed to students free of charge.

#### **Student Senate believes:**

Renewing this partnership would be beneficial for the membership of the Union. It would align with MSUs Aims & Objectives as set out in Articles 3.1.6 & 3.1.12.

#### **Student Senate therefore mandates:**

The VP Welfare & Equality to work towards renewing a partnership with FoodCloud.

#### **Student Senate further mandates:**

The VP Welfare & Equality to use this partnership, once it is achieved, to provide food free of charge to members of MSU as often as practicable.
